COMPANION PRODUCTS

Consider these related Infilink products as factors in your network planning:

- Infilink CAT-5e & 6 Shielded Cables
- Infilink Shielded Cat 6 Cable
- Infilink Faceplates
- Infilink Wall Boxes
- Infilink Shielded Patch Cords
- Infilink Shielded CAT-5e & 6 Keystone Jacks

Infilink FTP CAT 6, Patch Panel (Unloaded)

At the office work area or the harsh industrial environments, Infilink FTP Unloaded patch panels are designed to mount in any standard 19" width rack. These patch panels offer a sleek, elegant appearance with Graphite Grey finish.

Infilink FTP Category 6 patch panels simplify inventory management by providing a universal label for T568B wiring pattern which allows connection with 22-26 AWG wires and are offered in 24 port with integral rear cable management. It's highly recommended to use Infilink Shielded Keystone Jacks (i.e IP-KS6S) with this patch panel.
